Dj Adrian Stonewall

Adrian Stonewall

"Purveyor of deep, infectious dance grooves and a feel-good energy and atmosphere."

That's how Adrian describes himself as a DJ. Never afraid to go too deep, his emotive musical selections are his own therapy. Having grown up on his father's eclectic combination of oldies music, European electronica (Kraftwerk), synth-infused 80s music (Depeche Mode …)… all which became infused with his own love for both hip-hop Rnb and dance music, Adrian ended up with quite a mixed spectrum of musical influence.

Today, this translates into sets where he picks apart and infuses together all the pieces of this music that he loves best: beautiful synth work, ethereal backgrounds, powerfull basslines, and hypnotic vocal hooks… all on top of a pronounced foot-shuffling house beat.

A very active member of his local community, Adrian is no stranger to the ups-and-downs of a small-town music scene. Though he loves playing in nightclubs, parties and special events, his love for music goes beyond the spectrum of mixing tunes. As a DJ, and promoter, he has found plenty of ways to express himself musically. He also likes to design graphic and recently start to produce some music himself to become better DJ through passion and purpose..

"For me, it's all about good vibe, hypnotic groove… playing those tracks that get you tapping your feet and nodding your head without you realizing it, regardless of genre, tempo, style, or release date. "

Sincerely.
